

RS62R5001M9/LV SBS WITH ALL- AROUND COOLING. 680L

Perfectly harmonious and stylish design

Sleek & Seamless Design

Give your home a stylishly integrated and modern look. Its sleek and seamless counter-depth design will fit perfectly with the dimensions of your existing appliances and cabinetry to create a harmonious kitchen interior. It also has beautiful flat doors with recessed handles that don't protrude.

Always fresh food, wherever it is

All-around Cooling

Make sure that all your food is properly cooled – wherever it is in the fridge. An All-around Cooling system continually checks the temperature and blows out cold air. It cools the fridge evenly from corner to corner, so every item of food stays fresher for longer.

Control anywhere

Wi-Fi Embedded (Optional)

Monitor and control your refrigerator anytime, anywhere. With the embedded Wi-Fi, you can keep track of its status using the SmartThings App*. You can easily control its Rapid Cooling modes, check the temperature, and get alerts if the door is left open. It will also detect and diagnose issues.
