## Durable & efficient

### Digital Inverter Technology

Enjoy efficiency and long-lasting performance with Digital Inverter Technology. It utilizes strong magnets for a quiet and powerful performance with enhanced energy efficiency. It also provides exceptional durability, backed-up by the industry's longest\* warranty of 20 years on the motor.

## Keeps the tub clean

### *Eco Tub Clean*

Keep your top load washer fresh and hygienically clean, while being eco-friendly and saving money. The Eco Tub Clean course removes dirt and up to 95% of bacteria\* that can build-up in the tub, without using harsh or costly detergent. And it notifies you automatically when it needs cleaning\*\*.

\* Eliminates 99.9% of bacteria from the inside of the washer. Based on testing by Intertek of the Drum Clean cycle.

\*\* Provides a notification after every 40 cycles.

## Rear Control

Use your washer easily and intuitively without worrying about splashing water on the digital panel. The slanted Rear Control is located at the back of the machine. It means the controls are really easy to see, even from a distance, and are protected from water splashes when getting clothes out.
