12,000 BTU - WALL-MOUNT AC
WITH DIT , T3 CLIMATE

.

Cools how you like

AI Fast & Comfort Cooling

Experience intelligent living. AI* analyzes your usage patterns** and the room conditions, so it can automatically activate Fast Cooling. After lowering the temperature, AI switches to WindFree™ Cooling to maintain the ideal conditions. The more you use it, the better it adapts to your tastes.

* To use AI Auto Cooling a Wi-Fi connection and SmartThings are required
** SmartThings server stores user data, preferences and usage patterns to suggest the most useful options.
*** Available on Android and iOS devices. A Wi-Fi connection and a Samsung account are required.

Stop feeling coldwhen you dehumidify

Comfort Drying for Cold-free Dehumidification

Enjoy comfortable dehumidification without feeling cold. Dry Comfort mode jointly analyzes the temperature and humidity using a sensor and dehumidifies without overcooling by using fine-tuning technology to control the refrigerant flow rate. So it is ideal when sleeping or in the rainy season.

Automatic efficiency

AI Digital Inverter Control

Cool quickly, quietly and efficiently. Using AI it analyzes your usage patterns and the external conditions, and senses the air conditioner's operating status. It then precisely controls the compressor's operating frequency* to maintain the preferred temperature and reduce energy consumption.

* A Wi-Fi connection is required. Only available when AI Auto Cooling mode is selected.
